Suggested retail price: 22.99 € s DPH

Description

adidas originals cap. The black cap is made of pleasant material with a high proportion of cotton. It has a minimalist design and is decorated with an embroidered adidas originals logo on the front. The classic 6-panel construction sits well on the head. The advantage of the branded cap is also the ventilation holes that provide the necessary air circulation. Inside there is a mesh sweatband that will keep you dry and comfortable.

The Adidas cap will protect you from the sun's rays thanks to the curved peak. The sports cap has an adjustable back strap with a buckle. A men's or women's cap will give your sporty look a twist. It is suitable for casual wear and leisure time.
